Useful Information

How to optimise the use of MPEX® 700

Applications:

MPEX® 700 is a 100% VOC FREE waterbased universal degreaser and cleaner. The product is designed to remove dirt and can be used on any surface including metal, glass, plastic and varnish. The product creates a grease free surface which is paintable.

Method of use:

MPEX® 700 is applied by spraying or by rubbing in. Shake the aerosol can for 1 minute before spraying. After a short influence, clean up the surfaces with a dry, absorbent cloth. Once you have finished spraying turn the can upside down and spray briefly to clear the nozzle for future usage.

IMPORTANT

MPEX® Are manufactured by Leading Solvent Supplies Ltd. MPEX® products information are based on laboratory tests and practical experience. Since the conditions under which the product is used are often outside the control of Leading Solvent Supplies Ltd, we can only guarantee the product quality, since the result is dependent on the substrate, pre-treatment, temperature, air humidity, application etc. Leading Solvent Supplies Ltd reserves the right, without notice to change the product and the given data.
